

Last week the Road To Agincourt team visited Manor Farm & Country Park on a site visit, along with Marcus Pullen and Grant Cox. Marcus and Grant are working on creating the Virtual Museum of the Grace Dieu after successfully pitching for the opportunity to the Culture Unit at Eastleigh Borough Council.

The site visit helped Marcus and Grant plan out how the Virtual Museum will look to the viewer on their smartphone or computer. The team also had the opportunity to try out the King's Great Ships Trail whilst they were there!

Keep an eye out for more details of the Virtual Museum of the Grace Dieu coming soon
